Lego Dimensions Minifigure Display For:
E.T.

Created By: Kimberley Smith

This MOC was design in July 2024. If you need Lego parts for this build, I might have what you need. My website has a link to my Bricklink store.

This small minifigure display is designed to connect and stack with other minifigure displays. When put together you can create an amazing minifigure display for your Lego Dimensions minifigures.

There are a few animals that the Bricklink studio program did not have in the program so they are missing from the instructions.

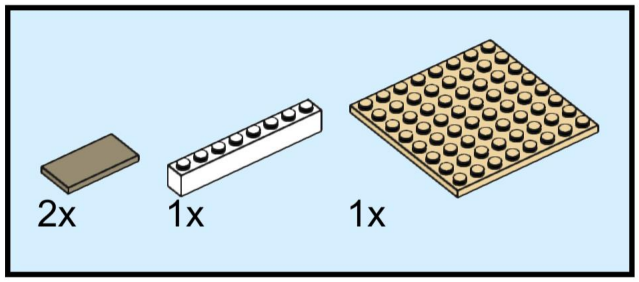

Here are the part numbers for these animals that I used.

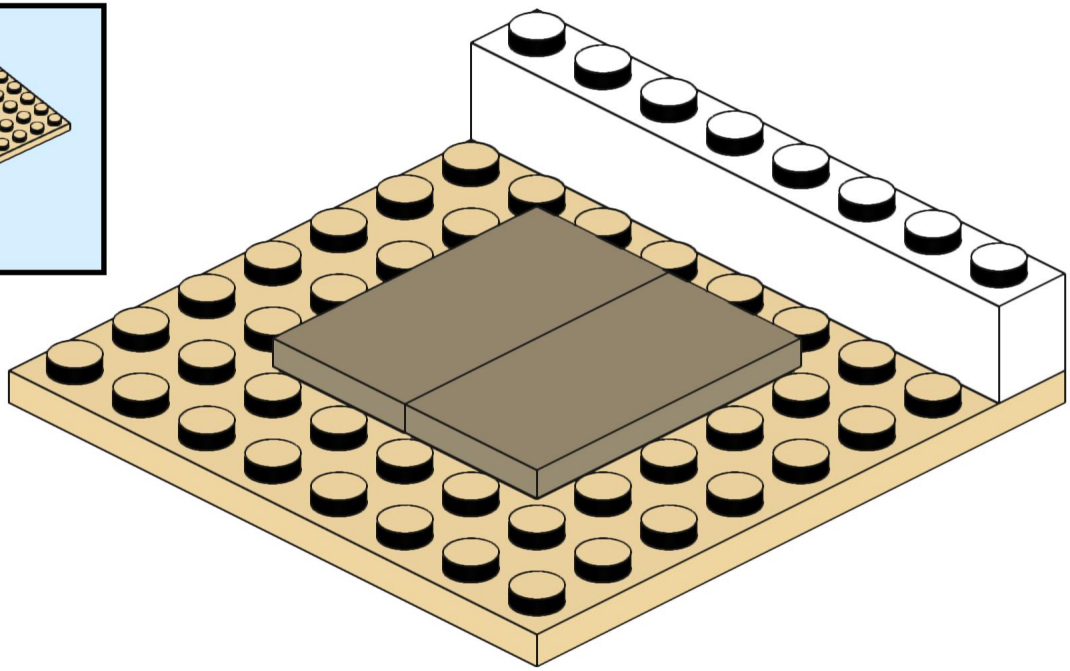

Baby Elephant: Place upper left
Part #: 79297pb01

Bright green and purple Chameleon:
Lower center shelf
Part number: 15678pb02

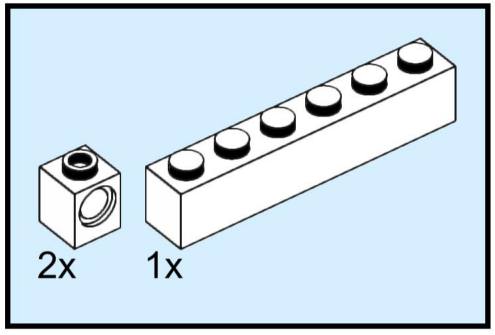

Lavender Bunny: Lower left side
Part number: 18852pb02
